Title

Consider a Resolution of the City Council of the City of Sachse, Texas, authorizing execution of the Interlocal Agreement for Food Establishment Inspection and Environmental Health Services between Dallas County, on behalf of Dallas County Health and Human Services, and City of Sachse.

Executive Summary

This Interlocal Agreement with Dallas County for Fiscal Year 2014 ensures that Dallas County Health and Human Services will provide inspections of food establishments as well as provide for vector and/or mosquito control through ground applications. In the event aerial mosquito spraying is implemented in Dallas County, the City of Sachse must provide a written request to participate in the aerial spraying.

Background

This Interlocal Agreement is renewed on an annual basis and requires City Council approval. As indicated in the Agreement, Dallas County will perform a minimum of two inspections for each food establishment and any additional follow-up inspections. The City will collect and submit to Dallas County a minimum of \$150 from each food establishment and \$75 for each

additional follow-up inspection. Additionally, the Agreement also addresses the environmental health services associated with vector and/or mosquito control through ground applications.

Policy Considerations

This Agreement includes two separate services-Food Establishment Inspections and Environmental Health Services. Both are described below:

Food Establishment Inspections

The City of Sachse simply acts as a collection agent for fees associated food establishment inspections. The food establishment pays the fee directly to the City of Sachse and the City then remits the money to Dallas County on an annual basis.

Environmental Health Services

Environmental Health Services address Vector and/or Mosquito Control. These services only include ground application services upon written request by the City of Sachse to Dallas County. Ground application services are limited to ground spraying of pesticides by County vehicles (“adulticiding”) and application of larvacide to standing water.

Budgetary Considerations

There will not be a budgetary impact for this item and no direct costs incurred by the City of Sachse.

Staff Recommendations

Staff recommends approval of a Resolution of the City Council of the City of Sachse, Texas, authorizing execution of the Interlocal Agreement for Food Establishment Inspection and Environmental Health Services between Dallas County, on behalf of Dallas County Health and Human Services, and City of Sachse as a Consent Agenda Item.

Nothing in this Agreement is intended to benefit any third party beneficiary.

Title

Consider a Resolution of the City Council of the City of Sachse, Texas, approving the terms and conditions of a Professional Services Agreement, by and between the City of Sachse and the City of Garland for the City of Garland Health Department to provide immunizations, well child health care and communicable disease investigation services for the City of Sachse.

Executive Summary

This agreement establishes Garland Health Services as our Local Health Authority from October 1, 2013 to September 30, 2015.

Background

For many years, the City of Sachse depended on and continues through contracts for Dallas County Health and Human Services (DCHHS) to provide all environmental health services for food establishments, childcare centers, vector control, and will continue to regulate on-site sewage facilities in the City of Sachse. This also includes assistance with communicable disease investigations and control for all vaccine preventable disease.

In 2011, the City recognized the importance of contracting with the City of Garland Health

Department to provide immunizations, well child health care and communicable disease investigation services for the City of Sachse. This Agreement would extend those services for an additional two years. It should be noted that this agreement does not suggest that the contract and relationship be altered with DCHHS for the food establishments, childcare centers, vector control, and the continuation to regulate on-site sewage facilities. This Agreement would complement those services already in place with DCHHS.

Policy Considerations

The purpose of this Professional Services Agreement is to establish an agreement with the City of Garland and the City of Sachse for Garland Health Department to be our Local Health Authority for the City of Sachse. Garland Health Department would provide communicable disease investigations and control for all vaccine preventable disease and enteric illnesses identified within the City of Sachse for its citizens. The City of Garland Health Department will make available to the citizens of Sachse all immunizations and Well Child services offered to the residents of Garland at the same fees as required of Garland residents. This includes providing notifications of all occurrences of foodborne illness outbreaks, reportable communicable diseases as they pertain to food service establishments and childcare centers, and all cases of mosquito-borne illnesses that occur in the City of Sachse, to DCHHS Environmental Health Divisions.

Budgetary Considerations

The cost for this service will be \$1,200.00 (one thousand and two hundred dollars) and will be funded in the FY13-14 budget of the Fire Department.

Staff Recommendations

Staff recommends approval of a Resolution of the City Council of the City of Sachse, Texas, approving the terms and conditions of a Professional Services Agreement, by and between the City of Sachse and the City of Garland for the City of Garland Health Department to provide immunizations, well child health care and communicable disease investigation services for the City of Sachse as a Consent Agenda Item.

WHEREAS, upon full review and consideration of the Agreement and all matters related thereto, the City Council is of the opinion and finds that the terms and conditions thereof should be approved, and that the City Manager should be authorized to execute the Agreement on behalf of the City of Sachse, Texas.

Executive Summary

Meritage Homes of Texas, LLC is constructing a new single family residential development, Heritage Park - Phase 2, located near the northwest corner of Merritt Road and Hudson Drive. Hudson Drive is shown on the City of Sachse Thoroughfare Plan as a proposed 4-lane divided collector road between Miles Road and Merritt Road. There is a distance of approximately 1500 feet in between where

the roadway has not been constructed. This facilities agreement would allow for the construction of 2-lanes of Hudson Drive between the existing sections of Hudson Drive located near Miles Road and near Merritt Road. The City's cost is estimated to be \$350,000.00.

Background

Meritage Homes of Texas, LLC is constructing a new single family residential development, Heritage Park - Phase 2, located near the northwest corner of Merritt Road and Hudson Drive. Hudson Drive is shown on the City of Sachse Thoroughfare Plan as a proposed 4-lane divided collector road between Miles Road and Merritt Road, however the roadway is currently only partially constructed. In addition, the roadway does not currently connect between Miles Road and Merritt Road.

The connection of Hudson Drive between Miles Road and Merritt Road will improve connectivity to Sewell Elementary School and Hudson Middle School for Sachse citizens. In addition, construction of the road will increase connectivity to Heritage Park, the largest public park with amenities in the City of Sachse. The roadway will also provide an East-West route in between Sachse Road and the President George Bush Turnpike.

Construction of the road will affect the current gravel parking area adjacent to Heritage Park, as much of the gravel parking lies in the path of the proposed road.

Meritage Homes has prepared plans for the roadway extension, including land surveying, civil engineering, and hydrological analysis. In addition, Meritage Homes is offering to provide the earthen soil required to build up the proposed roadway as required for construction. Finally, Meritage Homes is offering to provide funding in the amount of \$200,000.00 plus the cost of constructing a sidewalk toward construction of Hudson Drive.

The City of Sachse will be responsible for advertising the project for public bid and managing the construction of the project. In addition, it is anticipated that the City of Sachse will be responsible for \$350,000.00 in construction costs. The opinion of probable construction cost for the project estimates a total cost of \$530,000.00 for the project.

The City Attorney's office has reviewed the draft facility agreement and city staff has worked with Meritage Homes on all specific terms included in the agreement.

Policy Considerations

This agreement would result in completion of a 2-lane section of Hudson Drive, which is included in the City's Thoroughfare Plan.

Budgetary Considerations

Funds for the construction of the roadway will be paid out of current funds collected from Roadway Impact Fees.

Staff Recommendations

Staff recommends approval of a resolution of the City Council of the City of Sachse, Texas, approving the terms and conditions of a facilities agreement, by and between the City of Sachse and Meritage Homes of Texas, LLC; authorizing its execution by the City Manager; and providing an effective date as a Consent Agenda Item.

Sachse, Texas 75048

Dear Sir;

Every September the hundreds of DAR chapters across the country celebrate the anniversary of the signing of the Constitution of the United States. One of the ways we do that is to ask the cities in our area to issue a proclamation honoring the Constitution. I am sending this letter to request that you and the city council do this and present the proclamation to the General Bernardo de Galvez Chapter, which represents the ladies in this area.

If you chose to participate the proclamation will be displayed at the Dallas area Constitutional Luncheon to be held in September at the McKinney Country Club. You can reach me at 469 854-1584 (h) or 972 639-8157 (c), or by e-mailing nlwross@hotmail.com.

Sincerely,

Title

Consider the application of JR&R Investments, Ltd. for a Preliminary Plat for CLH Addition, Lot 1 & 2, Block A, being a 2.8388-acre tract consisting of two lots. The subject property is generally located on the southeast corner of State Highway 78 and Hooper Road.

Executive Summary

The applicant is requesting approval of a Preliminary Plat for two individual lots comprising a total of 2.8388 acres.

Background

The 2.8388-acre (approximately 123,658 square feet) subject property is generally located on the southeast corner of State Highway 78 and Hooper Road. (See Attachment 1 - Aerial Location Map). Proposed Lot 1 of the subject property retains a current zoning designation of Special Use Permit (SUP) for a Daycare, Childcare or Kindergarten Facilities (Ord. No. 3497 approved July 15, 2013), and Lot 2 retains a zoning designation of General Commercial (C-2). See Attachment 2 for Zoning Identification Map.

There are no existing trees located on the subject site.

Planning and Zoning Commission unanimously approved this item at their August 26, 2013 meeting.

Policy Considerations

The applicant is proposing to plat the subject property into two separate lots. Hooper Road, which is adjacent to the north boundary of the subject property, is currently 60-feet wide, which is consistent with the width of the road necessary for future improvements. A minor dedication of approximately 8-inches is proposed for a portion of the Hooper Road frontage to accommodate a 60-ft right-of-way for the entire frontage. It should be noted that pursuant to the City Subdivision Ordinance, the applicant will be responsible for constructing or escrowing the construction costs for the improvement of the southern half of Hooper Road.

Staff has determined that the proposed Preliminary Plat meets the standards of the City of Sachse Code of Ordinances and is designed in accordance with the zoning of the property. The Preliminary Plat and its supporting documents have been reviewed by the City Engineer and have been found to be in compliance with the City of Sachse Code of Ordinances.

Budgetary Considerations

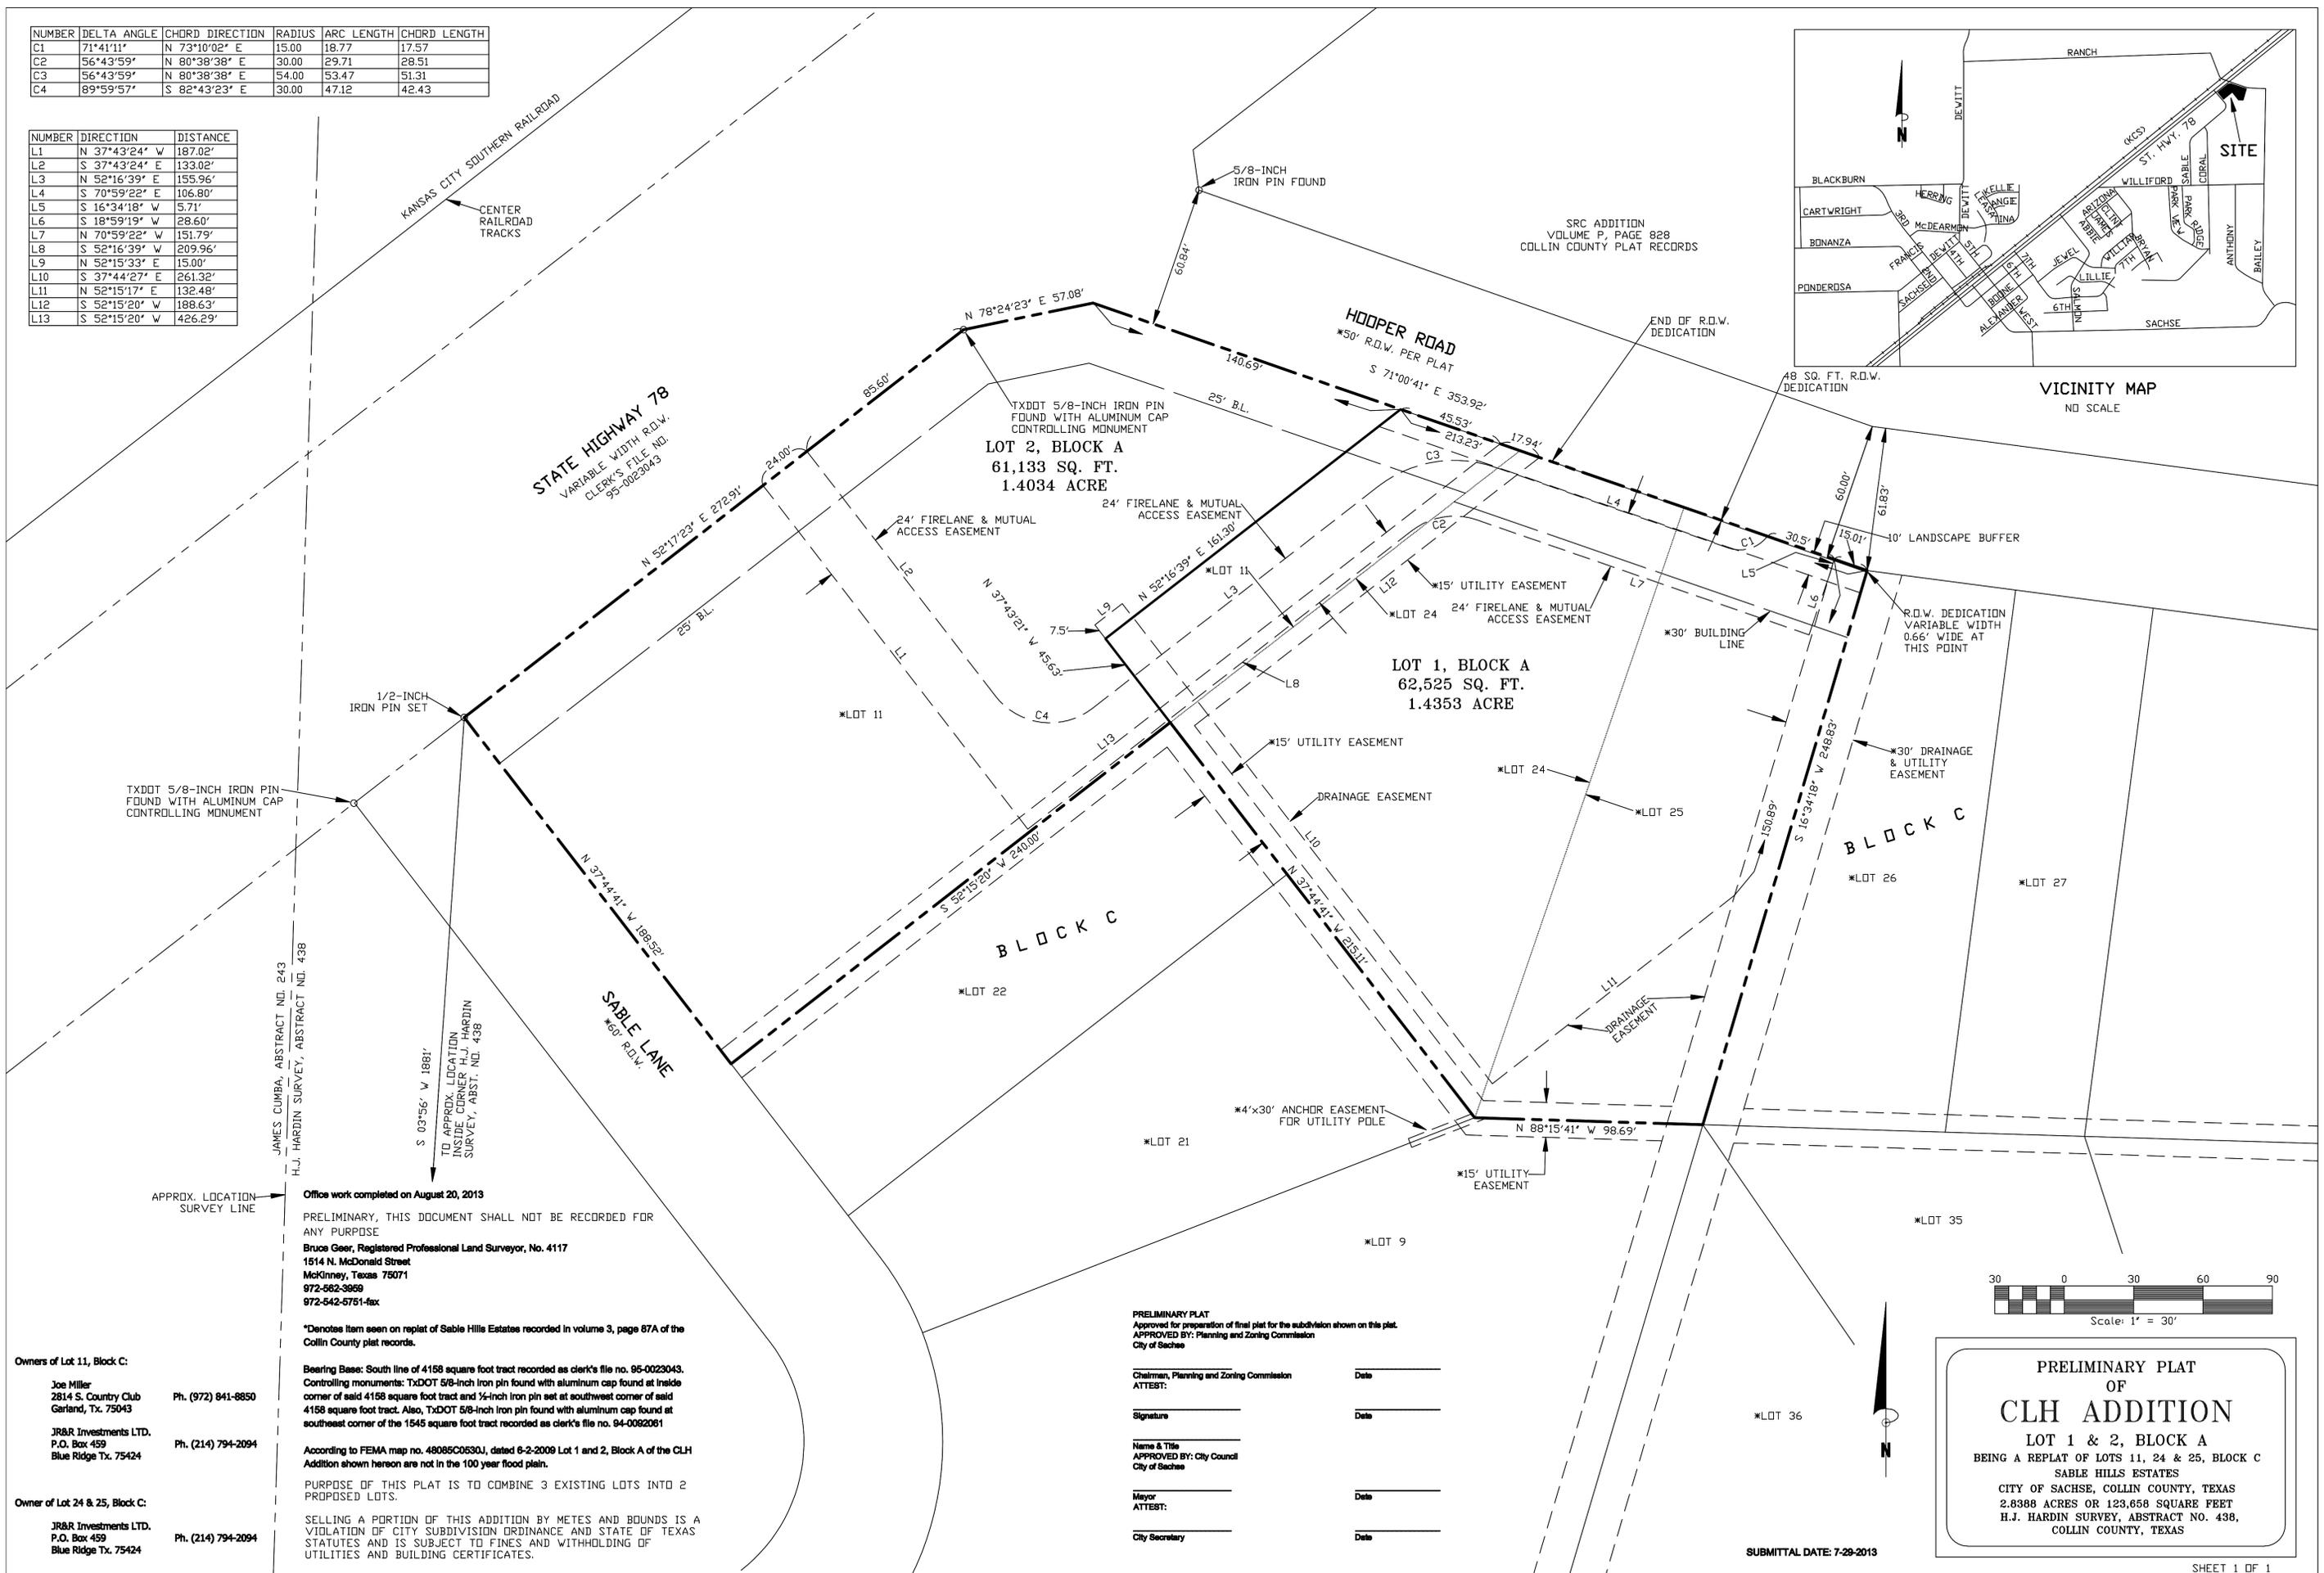

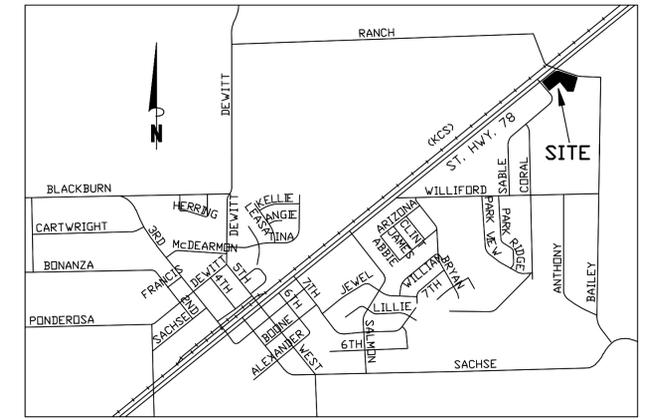

None.

Staff Recommendations

Staff recommends approval of a Preliminary Plat for CLH Addition, Lot 1 & 2, Block A, being a 2.8388-acre tract consisting of two lots. The subject property is generally located on the southeast corner of State Highway 78 and Hooper Road as a Consent Agenda Item.

RECITALS

WHEREAS, the Parties recognize the vulnerability of the people and communities located within local governments and public subdivisions to damage, injury, and loss of life and property resulting in emergencies, disasters or civil emergencies and recognize that such incidents may present equipment and personnel requirements beyond the capacity of each individual (governmental entity) (Party); and

WHEREAS, the governing officials of the Parties desire to secure for each Party the benefits of Mutual Aid for the protection of life and property in the event of an emergency, disaster or civil emergency or public works emergency; and

WHEREAS, the Parties *that wish to make suitable arrangements to provide Mutual Aid are so authorized, and make this Agreement pursuant to all governmental power inherent in home rule and other municipalities and all statutory authority, including, but not limited to, the Interlocal Cooperation Act Chapter 791 of the Texas Government Code); the Texas Disaster Act of 1975 as amended Chapter 418 of the Texas Government Code including the Texas Statewide Mutual Aid System of the Emergency Management Chapter, set out in Subchapter E-1 of Texas Government Code, Section 418.111 et seq, and any amendments to that authority or other authority that may be set out in the constitution of laws of the State of Texas;*

Executive Summary

This amendment will expand the definition of "nudity or a state of nudity" in the Sexually Oriented Businesses section of the Code of Ordinances.

Background

Recent events in establishments elsewhere in the Metroplex have caused the City to examine current definition "nudity or a state of nudity". The purpose of this amendment is to expand the definition of "nudity or a state of nudity" in the Sexually Oriented Businesses section of the Code of Ordinances.

The existing definition is listed below:

Nudity or a state of nudity means the appearance of human bare buttocks, anus, male genitals, female genitals, or areola of the female breast.

The proposed amended definition is listed below:

Nudity or a *state of nudity* means the showing of the human male or female genitals, pubic area, vulva, anus, anal cleft or cleavage with less than a fully opaque, meaning nontranslucent, covering, the showing of the female breast with less than a fully opaque covering of any part of the nipple or areola, or the showing of the covered male genitals in a discernibly aroused state. For purposes of this definition, body paint, body dyes, tattoos, liquid latex, whether wet or dried, and other similar substances shall not be considered an opaque covering.

Title

Consider a resolution of the City Council of the City of Sachse, Texas, in recognition and appreciation of David B. Sanford's civic and community services, hereby authorizes the re-naming of Park Lake Park.

Executive Summary

This item is to discuss and consider a request submitted to the City Council for the renaming of Park Lake Park after Mr. David B. Sanford in honor of the late David Sanford.

Background

On November 7, 2011, City Council approved Resolution No. 3336, a policy establishing guidelines for the naming of public facilities, including parks and recreation facilities and other properties managed by the Sachse Parks and Recreation Department. An application for renaming Park Lake Park was approved by the Sachse Parks and Recreation Commission at the August 15, 2013 meeting. The City Council has the final decision on renaming Park Lake Park in honor of the late David Sanford. Mr. Sanford was a resident of Sachse for 12 years and during that time was very active in the community, especially with Park Lake Park. He worked to get Park Lake Park included in the Adopt-a-Spot program initiated by the Parks and Recreation Department. Mr. Sanford formed Park Lake Partners, which was a group of citizens interested in the beautification and cleanliness of Park Lake Park. He raised \$710.61

and donated it to the Sachse Parks and Recreation Department to help supplement the landscape materials around the park. He was instrumental in working with the City to get a security light installed, a playground cover installed, obtaining trash cans for the walking trail, painted distance markers around the trail, and helped with pruning and landscaping of trees, shrubbery, and plantings in and around the park area.

Policy Considerations

Resolution No. 3336 allows for the naming of city public facilities, including parks and recreation facilities, as stated in Guideline IV. "...Significant contributions by individuals will be those that constitute more than 50% (or a major portion) of the total cost of a project, or that consist of outstanding public service of great duration and/or diligence to the community, in particular, the development of the parks and recreation system, ..."

Staff Recommendations

Approval of a resolution of the City Council of the City of Sachse, Texas, in recognition and appreciation of David B. Sanford's civic and community services, hereby authorizes the re-naming of Park Lake Park.

CITY OF SACHSE NAMING OF PUBLIC FACILITIES

Purpose:

This policy serves as a guide for the naming of park and recreation facilities and other properties managed by the Parks and Recreation Department. It is intended to guide the Parks and Recreation Board in their preparation of a name for consideration by the Sachse City Council. The Parks and Recreation Board will follow these guidelines in order to bring consistency to their evaluation of names. City Council has the final decision on naming of parks and recreation facilities and can overrule any name recommended by the Board.

Guidelines:

- I. Parks and recreation facilities and other properties operated by the Parks and Recreation Department shall be named under the following guidelines:
 - A. For geographical or physical features;
 - B. For historical features/events; or,
 - C. For individuals or organizations who have made significant contributions of property, money, or services to the Parks and Recreation Department or other city departments.
- II. Geographical and physical features will include those naturally occurring, such as creeks and forested areas.
- III. Historical features will include names attached to early residents and events that were of significance to the area's development.
- IV. Significant contributions by individuals will be those that constitute more than 50% (or a major portion) of the total cost of a project, or that consist of outstanding public service of great duration and/or diligence to the community, in particular, the development of the parks and recreation system, and where City Council so approves. Contributions by individuals that do not meet the criteria established above, but that are nevertheless of major proportions will be recognized in a manner suitable to the particular facility and recommended by City Council.
- V. Naming of parks after a person(s) can be made posthumously or after a living person. If named after a living person, a background check shall be conducted to insure no improprieties have been committed.

Rescinding Name:

The Board may recommend to the Sachse City Council the rescinding of a name granted to a park if:

- I. The park is named after an individual who has been found guilty for any criminal act that discredits the name of the individual or organization or imposes an unfavorable image on the City.
- II. The name of a park is found to be offensive in anyway to a class of citizens or an organization.

Procedure:

Person or persons requesting the naming of a park or recreation facility shall do so in writing to the Parks and Recreation Director. The Parks and Recreation Director will review the recommendation as to the merits of this policy. The applicant's recommendation and the director's review will be placed on the next available Parks and Recreation Board agenda. The Board will have the right to ask for any follow-up research or support of the proposal. All follow-up information will be prepared by a staff report to the Board. The Board will vote on the proposal with majority rule.

Action:

If the Board approves the proposed name, the recommendation will be forwarded by staff to the Sachse City Council with the recommendation of the Parks and Recreation Board. If the Board denies the proposal, the proponent may appeal the decision of the Board by requesting that the proposal be placed on the next available City Council agenda. In this case, the proposal will be forwarded to the City Council with recommendation from the Board for denial.

Subject: Request for renaming Park Lake Park

Dear Mr. Whitworth,

My name is Lynn Cary and I am David Sanford's daughter. If you are not familiar with his name, Dad was a Sachse community activist, founder, former Board Secretary and past president of Park Lake Partners Inc. I am writing you because since Dad's passing in June, I have been thinking of a fitting way to pay tribute to him. Dad loved Park Lake Park so much. During his twelve years in Sachse, there wasn't a day that went by that he did not walk to the park and pick up trash, or feed the ducks. He loved being involved and he loved his community. At his memorial at the Sachse Senior Center, I spoke with Cullen King, Mike Felix, and Billy George about **what steps need to be taken to get Park Lakes Park named after him.** Mr. George sent me information that stated that I should send you a letter enumerating his "outstanding public service of great duration and/or diligence to the community, in particular, the development of the parks and recreation system."

Below is a list of just a few of his contributions:

1. Adopted Park Lake Park as part of the Adopt a Spot program and formed Park Lake Partners as a result.
2. Beginning in August 2006, he organized National Night Out in Park Lake Estates and continued for the following 2 yrs. This included getting sponsors and contributions to make the event successful. He also used it as a fundraiser for Park Lakes to get additional trees and plants to beautify the area.
3. Volunteered for Sachse Shares, helping with the clean-up of yards and homes of citizens that needed assistance or could not do it themselves.
4. Volunteered for FallFest Committees (got donations, worked tables, assisted with parking).
5. Restored Peachtree Estates sign. Organized the effort by sending letters to the neighbors to get volunteers and got donations.
6. Got Park Lake Partners involved with Sachse Chamber of Commerce yard renovation project.
7. Placed flags at on the graves of veterans at 2 Sachse cemeteries for Memorial Day, Flag Day, and Veteran's Day.
8. Picked up trash, planted flowers and shrubs, maintained the flower beds, pruned sucker growth on trees and shrubs, painted various parks facilities, raised funds to improve the landscape of Park Lake and general park beautification, walked the area, made sure that the fountain was in working order (called those responsible if it was not), fed the ducks. In general, made it his mission to make sure that it was beautiful for the 12 years he lived there.
9. Designed Veteran's Memorial at City Hall and organized the ceremony.
10. In September 2006, he sold tee shirts for Park Lake Parks as a fundraiser.
11. Organized Memorial Day and Veterans' Day ceremonies.
12. In 2005, got new trash cans for the park.
13. Painted trash cans and provided a brick base for a second trash can.
14. In May 2006, got the bridge and guardrail painted in park.
15. Pruned trees and shrubs at the intersection of Trailridge Drive and Miles Road since they were a safety hazard for drivers.
16. Removed steel stakes and guy wires from 30 trees and shrubs at park. Guy wires were cutting into trees and shrubs and the steel stakes were a safety hazard for children.
17. Campaigned to get security lights at the park.
18. Instigator for the playground and playground cover construction.
19. In 2006, he painted a distance marker on the sidewalk at the park for walkers and joggers (measured ¼ mile).

As I look through photos of Dad, in every photo of him at the Park, no matter what he was he was doing, he had a huge smile. It was his joy. In his words, "Sachse is a great place to live with friendly people and good neighbors." It was his home and he enjoyed making it a better place. I know that having the Park named after him would make him smile.

Please consider renaming Park Lakes Park the David B. Sanford Memorial Park for all of his efforts. Let me know what further steps I need to make to accomplish this. I can be reached at 703-455-6464 or lynndyan@yahoo.com. I hope to hear from you soon.

Thanks for your consideration,

Lynn D. Cary

C. Line of Succession

1. The line of succession for the Mayor is:
 - a. Mayor
 - b. Mayor Pro Tem

 - a. City Manager
 - b. Director of Finance
 - c. ???

3. The line of succession for the Emergency Management Coordinator is:

Budgetary Considerations

No budgetary impact is anticipated.

Staff Recommendations

Staff recommends that the City Council provide direction on adding depths to the lines of succession included in the City of Sachse Emergency Management Plan.

Background

During a previous employee evaluation of the City Manager, some on the City Council expressed a desire to consider a new review form for evaluating performance. Staff researched several examples and reviewed them. The cities of Allen, Plano, Coppell, Wylie, Sherman and Rockwall review forms were obtained and are attached to this agenda item for reference.

Staff reviewed the different forms and created three alternatives (in addition to the existing employee evaluation form). The City Council may choose to include them in their discussion.

Items attached to this agenda item include the following.

Budgetary Considerations

None.

Staff Recommendations

Provide direction to the Human Resources Manager and City Manager on the employee performance evaluation form and format.

CITY MANAGER PERFORMANCE ASSESSMENT AND DEVELOPMENT FORM INSTRUCTIONS

In order to establish and maintain effective relationships between the City Manager, Mayor and City Council, it is essential the Council establish an ongoing evaluation process that offers the opportunity for each party to review the performance of the City Manager. This evaluation should focus on how effectively the Manager is accomplishing the goals established by the Council and how he is carrying out his responsibilities in key performance areas.

Specifically, the evaluation shall serve the following needs:

- ➔ It will allow the City Manager and Council to test, identify and refine their respective roles, relationships, expectations of and responsibilities to each other.
- ➔ It allows the discussion of the City Manager's strengths and weaknesses as demonstrated by past performance, with the objective of increasing the Manager's effectiveness; that is, it gives the Council the opportunity to provide positive feedback in areas that have been handled well and to clarify areas where the Manager could become more effective through improved performance.
- ➔ Two weeks before the evaluation is scheduled, the City Manager will provide each Council Member with a copy of the evaluation form.
- ➔ The Mayor, City Council and City Manager will meet in Executive Session to review the evaluations and share their observations. A special meeting will be called solely for the purposes of conducting the performance evaluation for the City Manager. (The meeting will be in Executive Session unless the City Manager requests such evaluation to be done in an Open Session, pursuant to Section 551.074 of the Government code).
- ➔ The Mayor establishes the operating ground rules for the session.
- ➔ The Performance Evaluation Format will be reviewed and evaluated annually.

Process

Instructions

Attached is the evaluation form for the City Manager. It encompasses three primary areas: (1) evaluation of key performance areas; (2) goal accomplishments as well as establishing future goals; and (3) general strengths and areas for improvement.

The rating system for key performance areas is outlined below:

- 1= Unsatisfactory: Performance is consistently unacceptable
- 2= Needs Improvement: Performance is consistently below expectations and significant problems exist
- 3= Satisfactory: Performance meets expectations and there is no significant problem
- 4= Exceeds Expectations Performance indicates increased proficiency and is consistently above expectations
- 5= Outstanding Performance is consistent and superior to that which is normally expected

A space to the right of each performance area has been included for individual comments. Each person preparing the form is encouraged to select specific examples of why, overall, they have chosen a particular rating. The comments included should give the City Manager enough information to correct the problem areas and allow him to place specific items on his work plan for the next year. Additionally, it will also provide a specific basis for discussion in the evaluation session.
