Title

Consider a resolution of the City Council of the City of Sachse, Texas, approving the terms and conditions of a Second Amended and Restated Development Agreement by and between the City of Sachse, Texas, and Jackson Meadows Partners, LP; authorizing its execution by the City Manager.

Executive Summary

This item is for an amendment to the current Amended and Restated Development Agreement for the Jackson Hills and Jackson Meadows developments in the City of Sachse, Texas. The amendments included further defining the obligations of the Developer and the City of Sachse related to public infrastructure associated with the projects.

Background

The Second Amended and Restated Development Agreement outlining the terms, conditions,

and obligations of both the Developer and the City is shown in Attachment 2.

Sanitary Sewer Improvements

The Developer was unable to construct the Old Miles Sewer as a part of the Wastewater System Facilities as required by the 2007 Amended and Restated Development Agreement. The estimated construction cost of the Old Miles Sewer Improvements is \$69,063.73.

Wetlands Mitigation

The 2007 Amended and Restated Development Agreement stated that the Developer had an obligation to pay to the City a proportionate share of the USACE Wetlands Mitigation Costs associated with the construction of Bunker Hill Road. The Developer's proportionate share totaled \$130,500.00. The Developer paid to the City \$50,000.00 of the Mitigation Costs upon the execution of the 2007 Amended and Restated Development Agreement, and owes the City a remaining sum of \$80,500.00 in Mitigation Costs for the USACE Wetlands Mitigation.

Roadway Improvements

Hudson Crossing is defined in the City of Sachse Thoroughfare Plan as a collector road (Attachment 1), and is identified as a future roadway improvement in the 2011-2021 10-year Capital Improvement Plan for the City of Sachse. The Thoroughfare Plan is included as Attachment 2. The 2007 Amended and Restated Development Agreement stated that the Developer had an obligation to construct Hudson Crossing as a single 25-foot wide lane in an 80-foot right-of-way. The estimated construction cost of the single 25-foot wide lane is \$142,401.33. As stated in the 2007 Amended and Restated Development Agreement, the remaining 25-foot wide lane would be the City's obligation to cause to construct in the future.

Second Amended Agreement

The Developer owes the City the sum of \$149,563.73, which is the sum of the Old Miles Sewer Improvements (\$69,063.73), and the remaining Mitigation Costs for the USACE Wetlands Mitigation (\$80,500.00). In addition, the Developer has an existing obligation to construct Hudson Crossing (\$142,401.33). The total of the sum owed to the City plus the construction cost of a single 25-foot wide lane is \$291,965.06. The City has requested, and the Developer has agreed, to construct Hudson Crossing as two 25-foot lanes in an 80-foot right-of-way, including a median, landscaping, and Onco street lighting. The estimated construction cost to construct Hudson Crossing as two 25-foot lanes in an 80-foot right-of-way, including a median, landscaping, and Onco street lighting, is \$549,450.91.

The City agrees to pay the Developer the fixed fee sum of \$257,485.85, for the remaining construction cost of Hudson Crossing, which equals the difference between the construction cost of Hudson Crossing and the total sum of the Developer's obligations in the 2007 Amended and Restated Development Agreement.

Policy Considerations

Texas Local Government Code 212.071 authorizes municipalities to participate in the developer's costs of construction of public improvements related to the development of

subdivisions within the municipality without compliance with Chapter 252 of the Texas Local Government Code. The City Council of the City of Sachse may choose to enter into this development agreement with the Developer for the construction of the capital roadway improvements.

The Developer shall submit all pay applications and maintenance bonds to the City of Sachse for review and approval upon the completion of the construction of Hudson Crossing.

Budgetary Considerations

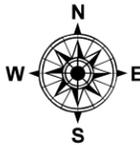

The City's financial obligation for the Second Amended and Restated Development Agreement is a fixed fee of \$257,485.85 for the construction of Hudson Crossing. The funds will be paid from the Street Impact Fee Fund, as Hudson Crossing is shown on the City of Sachse Thoroughfare Plan as a proposed collector road.

Staff Recommendations

Staff recommends the City Council to approve a resolution of the City Council of the City of Sachse, Texas, approving the terms and conditions of a Second Amended and Restated Development Agreement by and between the City of Sachse, Texas, and Jackson Meadows Partners, LP; authorizing its execution by the City Manager, as a Consent Agenda Item.

Title

Consider an ordinance of the City Council of the City of Sachse, Texas ("CITY"), authorizing certain budget amendments pertaining to the fiscal year 2014-2015 budget.

Executive Summary

The City of Sachse 2015 Strategic Plan, adopted by City Council January 5, 2015, included as Goal 4, Strategy 4, to "consider funding a comprehensive plan update during the current fiscal year." The City's unassigned general fund balance for the fiscal year ended September 30, 2014 was \$5,568,904 which equates to 44% of budgeted expenditures for 2014-2015, well above the targeted fund balance of 25-35%. This unassigned fund balance is the source of funding for the comprehensive plan update, estimated at approximately \$200,000.

Background

Funding of a comprehensive plan update has been included in the past two budget processes as a supplemental request; however, projected revenues were not estimated to exceed expenses by a margin sufficient to fully fund the project.

...Policy Considerations

City Charter provides the following process for amending the budget:

Sec. 7.09 AMENDING THE BUDGET

"Under conditions which may arise and which could not have been foreseen in the normal process of planning the budget, the City Council may, by a majority vote of the full membership, amend or change the budget to provide for any additional expense in which the general welfare of the citizenry is involved. These amendments shall be by ordinance, and shall become attached to the original budget."

Budgetary Considerations

The requested budget amendment totaling \$200,000 for line items within the Community Development Department is necessary for budgetary compliance to fund the estimated cost of contracting for a comprehensive plan update. Unassigned fund balance is the funding source.

Staff Recommendations

Staff recommends approval of an ordinance of the City Council of the City of Sachse, Texas, authorizing certain budget amendments pertaining to the fiscal year 2014-2015 budget as a Consent Agenda Item.

ORDINANCE NO. _____

**AN ORDINANCE OF THE CITY COUNCIL OF SACHSE, TEXAS (“CITY”),

WHEREAS, the City is required by the City Charter to approve a budget amendment by ordinance and upon approval such amendment shall become an attachment to the original budget; and

WHEREAS, a budget amendment has been prepared for certain appropriations and expenditures in the 2014-2015 Budget and submitted to the City council for approval and a true and correct copy is attached as Exhibit A.

**NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE
CITY OF SACHSE, TEXAS:**

SECTION 1. Pursuant to the City Charter requirements of the City of Sachse, Texas, in the year 2014-2015, a Budget Amendment attached as Exhibit A is hereby authorized and approved.

Dan:

I will be relocating to the Midwest to be closer to family members and continue working as a business consultant within the food industry; my association with the City of Sachse Planning and Zoning Commission has been a pleasant one, and I will miss the challenge and experiences I've gained over the past 15 months.

I am offering my resignation effective today, let me extend my good wishes to all of you at the City of Sachse and my colleges on the Planning and Zoning Commission.

With Regards,
Jack
Bickler
