Rick Coleman, Fire Chief stated that this Interlocal Agreement will allow for the purchase of the radios and additional equipment. Mr. Coleman stated that staff is recommending council to approve the proposed purchase order to Motorola Solutions Inc., in order to move forward with the upgrade. Mrs. Nash added this is the first of a two part step for the radio upgrade. The radios and equipment are purchased first with the funds already being allocated to do so.

Councilman King made a motion to approve a purchase order to Motorola Solutions Inc., for the purchase and acquisition of radios and equipment related to the P-25 Digital Radio Upgrade. Councilman Bickerstaff seconded that motion and the motion was unanimously approved.

15-2988 Discuss and consider an ordinance approving and adopting the budget for fiscal year beginning October 1, 2015 and ending September 30, 2016; providing that expenditures for said fiscal year shall be made in accordance with said budget; appropriating and setting aside the necessary funds out of the general and other revenues for said fiscal year for the maintenance and operation of the various departments and for various activities and improvements of the city; providing a repealing clause; providing a severability clause; and providing an effective date.

Ms. Savage stated that there have been no changes since the last time this item was presented and provided a brief summary of the proposed budget.

Councilman Watkins made a motion to approve and adopt the budget for the fiscal year beginning October 1, 2015 and ending September 30, 2016. Councilman King seconded that motion and the motion was unanimously approved.

15-2991 Discuss and consider an ordinance levying ad valorem taxes for the year 2015 (Fiscal Year 2015-2016) at a rate of \$0.757279 per one hundred dollars (\$100) assessed valuation on all taxable property within the corporate limits of the City of Sachse as of January 1, 2015, to provide revenue for the payment of current expenses; providing for an interest and sinking fund for all outstanding debt of the City of Sachse; providing for due an delinquent dates together with penalties and interest; providing a severability clause; providing a repealing clause; and providing an effective date.

Councilman Bickerstaff made a motion that the property tax rate be increased by the adoption of a tax rate of 0.757279, which is effectively a 6.15 percent increase in the tax rate. Councilman Watkins seconded that motion and the motion was unanimously approved.

15-2997 Motion to ratify the property tax increase in the budget for Fiscal Year 2015-2016.

Councilman King mad a motion to ratify the property tax increase in the budget for Fiscal Year 2015-2016. Mayor Pro Tem Franks seconded that motion and the motion was unanimously approved.

15-3006 Consider a resolution amending the Master Fee Schedule adopted by Resolution 3433 by amending Solid Waste Rates for residential service effective October 1, 2015.

Ms. Savage stated that there is no CPI increase this year. The rate adjustment is related to the landfill. The increase will equate to \$0.10 per resident each month.

Councilman Ross made a motion to approve an amendment to the Master Fee Schedule amending Solid Waste Rates for residential service effective October 1, 2015. Councilman Watkins seconded that motion and the motion was unanimously approved.

15-3013 Conduct a public hearing and consider an ordinance of the City of Sachse, Texas, amending the Comprehensive Zoning Ordinance and Map, as heretofore amended, by granting a change in zoning from Planned Development (PD-4) to General Commercial (C-2) with a Special Use Permit for a restaurant with drive-through use on an approximately 1.0492 acre tract of land located at 3802 Sachse Road; providing special conditions; providing a repealing clause; providing a savings clause; providing a severability clause; providing a penalty of fine not to exceed the sum of two thousand dollars (\$2,000) for each offense; and providing an effective date.

Mr. Peters introduced this item stating that the applicant is proposing a restaurant with drive thru, office, and retail space. Mr. Peters indicated where this property is located within the Future Land Use Plan of the Comprehensive Plan. Mr. Peters indicated the current and proposed zoning of the property and that the property was never platted with the residential development of Park Lake Estates. Mr. Peters stated that 165 notices were sent to surrounding property owners and as of Wednesday, September 9, 2015, two were returned in favor, thirty in opposition and one from outside the response area. Mr. Peters indicated that due to the location, property size, and adjacent traffic volume, staff concludes that residential is not the best use of the subject property. A change in zoning will result in a change to the Future Land Use Plan. The Planning and Zoning Commission voted to recommend a zoning change for PD-4 to C-1 without a SUP for the drive-thru at their August 24, 2015 meeting. The recommendation made was for a more restrictive zoning than the applicant's request. Mr. Peters outlined the main differences between C-1 and C-2 zoning, and that a SUP would still be required. Mr. Peters stated that the council does have the option of approving a zoning change to C-1, because it is more restrictive than the requested C-2 zoning. Staff recommends approval with SUP.

Mayor Felix opened the public hearing.

Diane Smith, 4802 Sachse, Road, is opposed. This is not a good location for a drive-thru.

Pat Reeb, 5315 Park Lake, is opposed. This is not something the city needs.

Barbara Elkins, 4116 Blossom Drive, is opposed. This does not promote an enjoyable quality of life and will have a negative impact on the neighborhood.

Becky Clemmons, 3640 Sachse Road, is opposed. Would like to see it left as green space.

Gary Elkins, 4116 Blossom Drive, is opposed. Would bring too much traffic to area.

Christine Horning, 4607 Mallard Lane, is opposed. Would be an eyesore to the neighborhood and have a negative impact with traffic, children, etc.

Greg Smith, 4008 Blossom Drive, is opposed.

Corrine Smith, 4008 Blossom Drive, is opposed. Would like to keep the area quiet and peaceful.

Cathy Cobb, 3820 6th Street, is opposed.

Tricia Lyndsey, 3718 Rock House Road is in favor of the proposed.

John Mericle, 3910 Blossom Drive, is opposed.

Councilman Adams made a motion to close the public hearing. Mayor Pro Tem Franks seconded that motion and the motion was unanimously approved.

Mr. Mike Alturk spoke on behalf of the applicant.

The council discussed the traffic concerns, the character of the surrounding neighborhood as to whether the proposed was a good fit to the community. The council discussed the C1 versus the C2 zoning and if there was a conceptual plan.

Mayor Pro Tem Franks made a motion to deny an ordinance of the City of Sachse, Texas, to amend the Comprehensive Zoning Ordinance and Map by granting a change in zoning from Planned Development (PD-4) to General Commercial (C-2) with a Special Use Permit for a restaurant with drive-through use on an approximately 1.0492 acre tract of land located at 3802 Sachse Road; as the request is not in conformance with the Future Land Use Map, known as Figure 3-3 in the Comprehensive Plan of the City of Sachse. Councilman Ross seconded that motion and the motion was unanimously approved.

15-3012 Conduct a public hearing and consider the application for a Temporary Special Use Permit for North Pointe Church of Christ for two temporary portable classroom buildings on approximately 6.114 acres of land located at 7030 State Highway 78, for a period of five years.

Councilman King read the following statement. “I am a member of the North Pointe Church of Christ and have been for a while. I was a part of the leadership building team that oversaw the construction of the current facility. Although I do not currently hold a leadership position I have held several in the past. When I approach items like the one on our agenda tonight, I look to see if I can evaluate it as I would any other request that comes through. I believe that I could but I also recognize that I have made inquiries and follow up requests that I did not make on similar items presented to us. I have also helped advise Church leaders in the navigation of the SUP process. I Timothy 3 states a leader in the Church must be above reproach, I interpret this to mean beyond the perception of wrong doing or conflict of interest. I would apply that same philosophy to my service to Sachse. I firmly believe in equal treatment for like entities and after looking at the information, have a good idea of how I would vote. This has led me to a very difficult decision. Because I have been a leader within the North Pointe Church and because I was involved in the construction of the current facility and am still involved in the technology maintenance of the current building, to avoid the perception of a conflict of interest, I will be abstaining from this vote. After consulting with our city attorney, it is understood that this will be recorded as neither a yea nor nay. Should a future issue arise, I will evaluate it, based on its merits, the same way.” Councilman King left the dais.

Mr. Peters provided an overview of the subject property including property location, current and surrounding zoning, and the proposed location for the two temporary buildings. Mr. Peters sated

that the proposed buildings are to be used as classrooms, and the applicant plans to construct a new deck and ramp, and complete exterior repairs to the siding, gutters, and paint. Mr. Peters stated that the requested temporary use permit for the temporary buildings could be approved by the City Manager, if the intended period of time was 2 years or less. However, the applicant is requesting a period of five years, which requires City Council approval. Staff has found that temporary buildings have historically been allowed at other churches in the community for use as classrooms and the proposed installation will include a new wood deck and ramp would satisfy requirements of the Americans with Disabilities Act (ADA). Therefore, staff recommends approval.

Mayor Felix opened the public hearing.

Mike Campbell, 6006 Pleasant Valley, a representative for the church stated that the buildings would provide for additional classroom space, which they need as well as would allow to expand their food pantry and additional services.

Cathy Cobb, 3820 6th Street, commented that due to the location of the buildings and the church that if bad weather should hit, that the church be prepared for an emergency.

Mayor Pro Tem Franks made a motion to close the public hearing. Councilman Watkins seconded that motion. The motion passes with a 6-0 vote. Councilman King abstained.

Councilman Bickerstaff stated that weather radios are a good idea and that the applicant may be able to work with the building official on an anchor system.

Mayor Pro Tem Franks discussed the placement of the buildings and exit door(s) location.

Councilman Watkins made a motion to approve the application for a Temporary Special Use Permit for North Pointe Church of Christ for two temporary portable classroom buildings on approximately 6.114 acres of land located at 7030 State Highway 78, for a period of five years. Councilman Ross seconded that motion. The motion passes with a 6-0 vote. Councilman King abstained.

15-3017 Conduct a public hearing and consider the application of North Pointe Church, requesting a variance from the Code of Ordinances, Chapter 3, Building Regulations, Section 3-10. Table 1, General Sign Provisions to reduce the required front yard setback for an Institutional Sign from 15 feet to 8 feet in an existing sign easement on the property located at 7010 State Highway 78.

Mr. Peters introduced this item providing an overview of the subject property. The Applicant is currently operating a Church facility at 7030 State Highway 78, located between Williford Road and Sable Lane, and is a grantee of an existing sign easement located at 7100 State Highway 78. The sign easement was part of a driveway and parking easement filed in Collin County on August 22, 2006. The applicant is proposing to construct an institutional sign within the sign easement. Mr. Peters noted the sign location, the current and surrounding zoning, as well as the existing sign easement location. Mr. Peters stated the applicant is requesting a variance from the required 15 foot setback from the public right-of-way to an 8 foot setback. Staff has reviewed the

proposed sign layout and location, and finds the proposed sign to meet all other city requirements. Therefore, recommends approval.

Mayor Felix opened the public hearing. No comments were made.

Councilman Adams made a motion to close the public hearing. Mayor Pro Tem Franks seconded that motion. The motion passes with a 6-0 vote. Councilman King abstained.

Mayor Felix asked if the sign would be marquee or digital. Tony Burrows with the sign company responded that it will be an LED board sign.

Mayor Pro Tem Franks made a motion to approve the application of North Pointe Church, requesting a variance from the Code of Ordinances, Chapter 3, Building Regulations, Section 3-10. Table 1, General Sign Provisions to reduce the required front yard setback for an Institutional Sign from 15 feet to 8 feet in an existing sign easement on the property located at 7010 State Highway 78. Councilman Bickerstaff seconded that motion. The motion passes with a 6-0 vote. Councilman King abstained.

15-3016 Discuss potential development agreement with Sachse 95 LP, a Texas Limited Partnership.

Mr. Peters introduced this item providing an overview with the property location and developer information. The 96.8 acre property was rezoned to a Planned Development in May, 2015. The development includes: 66 residential lots (minimum 1-acre), minimum home size of 3,000 square feet, additional architectural and landscaping requirements (above City minimums), 24' wide concrete local streets with bar ditches for drainage, 30-ft landscape easement along Pleasant Valley Road, and a Homeowners Association (HOA) for the development. Mr. Peters talked about the standard requirements for city streets, water, and infrastructure. Staff engaged Kimley-Horn & Associates to conduct a proportionality study regarding the City requirements for street improvements related to the development. The Licensed Professional Engineer for Kimley-Horn has experience in reviewing and preparing proportionality studies related to land development and infrastructure for municipalities. The Study was completed on August 24, 2015 and was provided to City staff and the Developer for review and discussion. The Proportionality Study recommended that the developer should construct the 36-foot wide collector road through the development, and receive impact fee reimbursement for the difference between the City standard street (31') and the collector road (36') due to the development being limited to 66 one acre lots, the construction or escrow for constructing travel lanes on Pleasant Valley Road is above and beyond the proportional share of the impact of the development, additional analysis should be completed to determine if turn lanes should be constructed along Pleasant Valley Road for the development. This traffic impact analysis (TIA) would be required by City staff to be completed by the Developer's engineer during the engineering plan preparation, review, and approval. Mr. Peters stated that the developer has agreed to construct the proposed 12-inch water main, with the City reimbursing for the oversize cost between what is needed for the development (8") and what is show in the City of Sachse 10-yr CIP (12"), and the Developer agrees with the proportionality study findings regarding Pleasant Valley Road. Staff finds that development requirements in the Sachse Subdivision Ordinance may be above and beyond what State Law will allow, when applied to large lot and rural residential development. This is due to the

anticipated level of impact on City infrastructure and that the development requirements in the Sachse Subdivision Ordinance, when applied to low density residential development (10,000 square foot lots and under) and commercial development in the City, are more likely to be consistent with State Law due to higher impacts on City infrastructure. Staff also finds that the proportionality study prepared by Kimley-Horn should be used for preparing a Development Agreement for the project. Staff recommends that the City Council consider a development agreement for the project to include the following: Impact Fee reimbursement for the upsized cost of the capital water main from an 8-inch main to a 12-inch main (anticipated reimbursement of \$57,243.00) and Impact Fee reimbursement for the upsized cost of the collector street per the Proportionality Study, from the City standard 31-foot local street to the proposed 36-foot collector street with no curbs. (Anticipated reimbursement of \$73,230.00).

The council discussed the larger lot sizes and their impact as well as the streets and whether or not the hike and bike trails would be built to the width as indicated in the Master Plan.

The council consensus was that based on the Proportionality Study, they are in favor of moving forward on this item.

ADJOURNMENT:

At 9:51 p.m. Councilman Bickerstaff made a motion to adjourn the meeting. Councilman Ross seconded that motion and the motion was unanimously approved.

CITY COUNCIL OF THE CITY OF SACHSE

WORKSHOP MEETING MINUTES

October 5, 2015

The City Council of the City of Sachse held a workshop meeting on Monday, October 5, 2015 at 6:30 p.m. at Sachse City Hall, 3815-B Sachse Road, Sachse, Texas. Those present were Mayor Mike Felix, Mayor Pro Tem Brett Franks, Council Members Charlie Ross, Paul Watkins, Bill Adams, and Cullen King. City Manager, Gina Nash; City Secretary, Michelle Lewis Sirianni; and City Engineer, Greg Peters.

Mayor Felix called the meeting to order at 6:33 p.m.

DISCUSSION ITEMS:

15-3049 Discuss the proposed traffic signal and pedestrian crossing improvements on Miles Road at Sachse High School.

Mr. Peters introduced this item providing an overview of the history and background of vehicular and pedestrian traffic. A traffic study was done in April, 2014 and completed by September, 2014. The study compiled data using automated traffic counts on Miles Road, Hunters Ridge, and Haverhill, manual turning movement counts at intersections, and field observations during peak times. The analysis included a capacity analysis for street and driveway intersections, a crossing analysis for pedestrian crossings on Miles Road, and a warrant study for traffic signals on Miles Road at Hunters Ridge and Haverhill. The finding of the traffic study indicated that there are operational problems along Miles Road and traffic signals are warranted. Staff has identified the critical improvements based upon need and feasibility, which include: traffic signals on Miles Road at Hunters Ridge and Haverhill, linked with other signals on Miles Road by communication radio and extension of the northbound left turn lane on Miles Road at Hunters Ridge. Potential future public improvements on this project would require additional right-of-way from adjacent properties.

Council discussed the possibility of no parking signs, standing zones, or other possibilities to improve the safety on Miles Road, as well as possible future partnerships with Dallas County and Garland ISD.

Mr. Peters also noted that during non-peak times the signals will be flashing yellow and during peak times the signals will be synchronized accordingly.

ADJOURNMENT: At 7:05 p.m. Mayor Felix adjourned the meeting.

Title

Consider the application of Mustang Creek Estates for a Preliminary Plat for Mustang Creek Sachse Addition, Lots 1 - 2, Block A, being a total of 49.654 acres.

Executive Summary

The applicant is requesting approval of a Preliminary Plat for two individual lots comprising a total of 49.654 acres. The subject property is located on the south side of Ranch Road, east of Parkwood Ranch subdivision.

Background

The 49.654-acre (approximately 2,162,935 square feet) subject property is located on south side of Ranch Road (See Attachment 1 - Location Map, Attachment 2 - Aerial Map) and retains a zoning designation of Restricted Manufacturing and Warehousing District/ I-1 (See Attachment 3 for Zoning Identification Map). The Preliminary Plat and Concept Engineering Plans are shown in Attachment 4.

The property is proposed to be platted into two lots, including:

- Lot 1 - 6.763 acres (to be developed)
- Lot 2 - 42.891 acres (to remain undeveloped at this time)

There are no existing trees located on proposed Lot 1, where development is intended to occur. The site will have one access point from Ranch Road via a divided driveway. The Developer is proposing on-site turnarounds (Lot 1) for fire and emergency vehicles as

required by the Sachse Fire Marshall. The Developer intends to construct an on-site stormwater system and detention pond (Lot 1) in accordance with City of Sachse standards. The Developer also intends to construct an on-site water main (Lot 1), and both on-site and off-site (Lot 1 and Lot 2) sanitary sewer mains to provide sewer for the proposed development.

Lot 2 will remain undeveloped at this time.

Policy Considerations

The applicant is proposing to plat the subject property into two separate lots.

No right-of-way dedications are being proposed on Ranch Road, as the road was recently constructed to its ultimate width in accordance with the Capital Improvements Plan and the Major Thoroughfare Plan. However, pursuant to the Subdivision Ordinance, the property owner will be required to pay roadway impact fees for the development.

Staff has determined that the proposed Preliminary Plat meets the standards of the City of Sachse Code of Ordinances and is designed in accordance with the zoning of the property. The Preliminary Plat and its supporting documents have been reviewed by the City Engineer and have been found to be in compliance with the City of Sachse Code of Ordinances.

Budgetary Considerations

None.

Staff Recommendations

Staff recommends approval of the application of Mustang Creek Estates for a Preliminary Plat for Mustang Creek Sachse Addition, Lots 1 - 2, Block A, being a total of 49.654 acres.

Title

Consider authorizing the City Manager to execute a purchase order to Motorola Solutions Incorporated in the amount of \$600,361.00 for the purchase and acquisition of equipment and infrastructure related to the P-25 Digital Radio Upgrade.

Background

The City of Sachse entered into an agreement with the City of Garland for the cooperative purchasing of Motorola equipment to include the P-25 Digital Upgrade equipment and infrastructure used in conjunction with the radios. The total cost of the upgrade has been quoted at \$943,342. A previous purchase order of \$342,981 has been approved to purchase radios thru Motorola Solutions Incorporated. This second purchase order will encompass installation of a Microwave Spur to the Public Safety Center, Fire Station Alerting system, Dispatch Consoles and other system integration components which will complete the total purchase for the P-25 system.

Policy Considerations

The cooperative purchasing Inter-Local Agreement has been executed prior to the release of any funds to Motorola.

Budgetary Considerations

Funding of remaining \$600,361.00 necessary for this purchase order has been allocated within the FY 2015/2016 budget.

Staff Recommendations

Approve authorizing the City Manager to execute a purchase order to Motorola Solutions Incorporated in the amount of \$600,361.00 to complete the P-25 Digital Radio Upgrade.

Title

Consider approval of a Chapter 380 Grant Agreement made by and between the City of Sachse, Texas (the "City") and First Texas Homes, Inc.(the "Company").

Executive Summary

First Texas Homes has applied for a direct payment permit which authorizes them to self-assess and pay applicable state and local use taxes directly to the State of Texas related to selected portions of the Company's taxable purchases; the local portion of use taxes on building materials purchased for use in constructing homes within the City of Sachse will now be allocated to the City. The City will in turn grant a rebate of 0.8% of the total local use tax of 1.75% to the Company.

Background

Discussion and background information was presented during the City Council meeting on September 1, 2015. Having a direct payment sales tax permit will allow the Company to file use taxes on building materials purchased rather than sales tax. Currently, the local portion of sales taxes paid on building materials goes to the city where the supplier is located; Sachse has no suppliers within the City, so Sachse does not currently receive any sales tax revenue on the purchase of those materials. The local portion of the use taxes paid by the Company will be filed with the delivery location, so Sachse will receive the local portion of those taxes.

The projections of savings to the Company and tax revenues to the City are based on the most conservative estimates, with no additional building lots being acquired by the Company

and no increases in the cost of building materials over the ten year term of the agreement. At that most conservative estimate, the Company would save \$50,671 and total revenue for the City would be \$60,172. Additional building lots and inflationary increases in the cost of building materials would increase both the Company's savings and the City's revenues.

Policy Considerations

Chapter 380 of the Texas Local Government Code allows municipalities to enter agreements to promote local economic development and stimulate business and commercial activity.

Budgetary Considerations

No changes to current sales/use tax projected revenues are included in the 2015-2016 approved budget. There are no additional expenditures to the City as a result of administering the agreement.

Staff Recommendations

Approve a Chapter 380 Grant Agreement made by and between the City of Sachse, Texas and First Texas Homes, Inc.

FIRST TEXAS HOMES SALES/USE TAX 380 GRANT AGREEMENT

City Council Presentation

September 1, 2015

WHY AND HOW?

- Currently First Texas Homes pays sales tax on materials with local portion going to location of supplier.
- Sachse has no suppliers to First Texas Homes, so no sales tax receipts.
- First Texas will obtain direct payment sales tax permit and file use tax instead of sales tax; local portion goes to the delivery location.
- City gains a total of .95% net (1.75% less .8% rebate) use tax on building materials delivered to Sachse.
- First Texas Homes receives a rebate from the City of .8%.

SALES TAX/USE TAX COMPARISON

- ▶ Taxpayer pays sales tax on materials to vendor
- ▶ Sales tax paid based on vendor's sales outlet location
- ▶ Cities where construction occurs receive no sales tax on materials
- ▶ Larger cities receive majority of sales taxes on materials used in Sachse construction
- ▶ Taxpayer self-assesses use tax on materials to the State
- ▶ Taxpayer issues direct payment exemption certificate to vendor
- ▶ Use tax paid where materials are used
- ▶ City receiving use tax revenue provides rebate to taxpayer

ADDITIONAL INFORMATION

- Requires extensive record-keeping by taxpayer First Texas Homes.

- 380 agreements either approved or pending with Frisco, Prosper, Rockwall, Mansfield, Midlothian, and Celina.
- Rebates to be issued twice a year.
- Requires minimal work/record keeping by the City.
- Projections shown assume 100% of rebate coming from General Fund; allocating between City and EDC is possible with a separate Economic Development Agreement.
- Allocation agreement with EDC would result in \$29,558.24 net to General Fund and \$14,779.13 to EDC (no inflation factor for material prices).

CONCLUSION—Next Steps

- Decide on allocation of rebate expense.
- City Council and EDC approve separate Economic Development Agreement for allocation of rebate.
- Approve Chapter 380 Agreement between City and First Texas Homes—September 14 City Council meeting.
- First Texas Homes applies for direct payment sales tax permit.
- Use tax receipts and rebates commence on October 1 (estimated).

3.03 Amended Returns and Audits. In the event the Company files an amended use tax return, or report, or if additional Use Tax is due and owing, as a result of an audit conducted by the State of Texas that increases the Use Tax Receipts for a previous Grant Period covered within the term of this agreement, the Grant payment for the Grant Period immediately following such State approved amendment shall be adjusted accordingly, provided the Grantor must have received the Use Tax Receipts attributed to such adjustment. As a condition precedent to payment of such adjustment, Company shall provide Grantor with a copy of such amended use tax report, tax return or audit adjustment, and the approval thereof by the State of Texas.

3.04 Refunds. In the event the State of Texas determines that the City erroneously received Use Tax Receipts, or that the amount of Use Tax paid to the City exceeds the correct amount of Use Tax for a previous Grant paid to the Company, the Company shall, within thirty (30) days after receipt of notification thereof from the City specifying the amount by which such Grant exceeded the amount to which the Company was entitled pursuant to such State of Texas determination, pay such amount to the Grantor. The Grantor may at its option adjust the Grant payment for the Grant Period immediately following such State of Texas determination to deduct

there from the amount of the overpayment. As a condition precedent to payment of such refund, the City shall provide Company with a copy of such determination by the State of Texas.

3.05 Grant Payment Termination; Suspension. The payment of the Grants shall terminate on the effective date of termination of the Direct Payment Permit or on the date of determination by the State of Texas or other appropriate agency or court of competent jurisdiction that the Use Tax associated with the Direct Payment Permit was incorrectly paid to the City (the “Comptroller Challenge”). In the event the State of Texas seeks to invalidate the payment of Use Tax to the City associated with the Direct Payment Permit the payment of Grants by the City hereunder shall be suspended until such Comptroller Challenge is resolved in whole favorably to the City. City shall not be obligated to pay any commercial bank, lender or similar institution for any loan or credit agreement made by the Company. None of the City’s obligations under this Agreement shall be pledged or otherwise encumbered in favor of any commercial lender and/or similar financial institution.

Title

Conduct a public hearing and consider an ordinance amending the Comprehensive Zoning Ordinance and Map so as to grant a Special Use Permit for a Retail Sales with Gas Pumps use on an approximately 1.116-acre tract of land located at the southeast corner of State Highway 78 and Woodbridge Parkway, more particularly described in Exhibit "A" and located in a Planned Development District (PD-11); providing special conditions; providing for the approval of the site plan attached as Exhibit "C".

Executive Summary

The applicant is requesting a Special Use Permit for a Retail Sales with Gas Pumps use for the 1.116-acre property located at the southeast corner of State Highway 78 and Woodbridge Parkway. The use will contain a 3,010 square foot retail sales building and six pump islands (12 total fueling stations).

Background

The 1.116-acre subject property is located at the southeast corner of State Highway 78 and Woodbridge Parkway. The property retains a zoning designation of Planned Development

(PD-11). (See Attachment 1 - Aerial Location Map and Attachment 2 - Zoning Identification Map).

The subject property is directly bounded to the south and east by the remaining undeveloped property that is proposed for future commercial development. Farther to the south are existing single-family residences with a zoning designation of Planned Development (PD-10). The subject property is bounded on the north by State Highway 78 and to the west by Woodbridge Parkway.

The Future Land Use designation for the subject property is Commercial/Retail.

Policy Considerations

The applicant is requesting a Special Use Permit (SUP) for a Retail Sales with Gas Pumps use for the subject property. The SUP request was evaluated in light of the standards set forth in the Zoning Ordinance, specifically with regard to compatibility with surrounding uses.

The proposed use will consist of a 3,010-square foot retail sales building and six pump islands for a total of twelve fueling stations. Twenty parking spaces, two of which are handicapped-accessible, will be provided on the subject property. There is a proposed driveway onto State Highway 78 to the northeast of the building, with a corresponding deceleration lane and left turn lane planned for State Highway 78. The Applicant has received approval from TxDOT for these highway improvements. Access from Woodbridge Parkway will be via a single proposed driveway on the adjacent property that is part of this overall commercial development.

The nearest residential property in the Woodbridge subdivision is located approximately 300 feet from the proposed building.

Public Notification

Notice of this public hearing was mailed to the property owner and all other property owners within 1,000 feet of the subject property, as indicated by the most recently approved municipal tax roll and as required by Texas Local Government Code and the City of Sachse Code of Ordinances. A total of 146 notices were mailed on August 13th, and again on September 2nd. As of Wednesday, September 23rd, a total of fifty-four responses were returned - seven in favor and forty-seven opposed to the request (See Attachment 3).

Staff Findings

The proposed project is the first development on a larger tract of land identified for commercial development in the City.

The proposed use of retail sales is consistent with the Future Land Use Plan and the current property zoning (PD-11), however, a special use permit is required for the gas pumps.

The proposed access improvements on State Highway 78, including a left turn lane and a deceleration lane/drive entrance, will provide access to the site from both travel directions on State Highway 78. These improvements will lessen the traffic impact of the project on Woodbridge Parkway.

The proposed retail sales with gas pump project (7-Eleven) is located on the corner of Woodbridge Parkway (minor arterial) and State Highway 78 (Major Arterial). The proposed use is consistently found in similar high-traffic locations throughout our region.

Budgetary Considerations

None.

Staff Recommendations

Approve an Ordinance amending the Comprehensive Zoning Ordinance and Map so as to grant a Special Use Permit for a Retail Sales with Gas Pumps use on an approximately 1.116 -acre tract of land located at the southeast corner of State Highway 78 and Woodbridge Parkway, more particularly described in Exhibit "A" and located in a Planned Development District (PD-11); providing special conditions; providing for the approval of the site plan attached as Exhibit "C".

Request

- Conduct a public hearing and consider a request for a Special Use Permit for retail sales with gas pumps on a 1.116 acre tract of land located at the southeast corner of Woodbridge Parkway and State Highway 78.

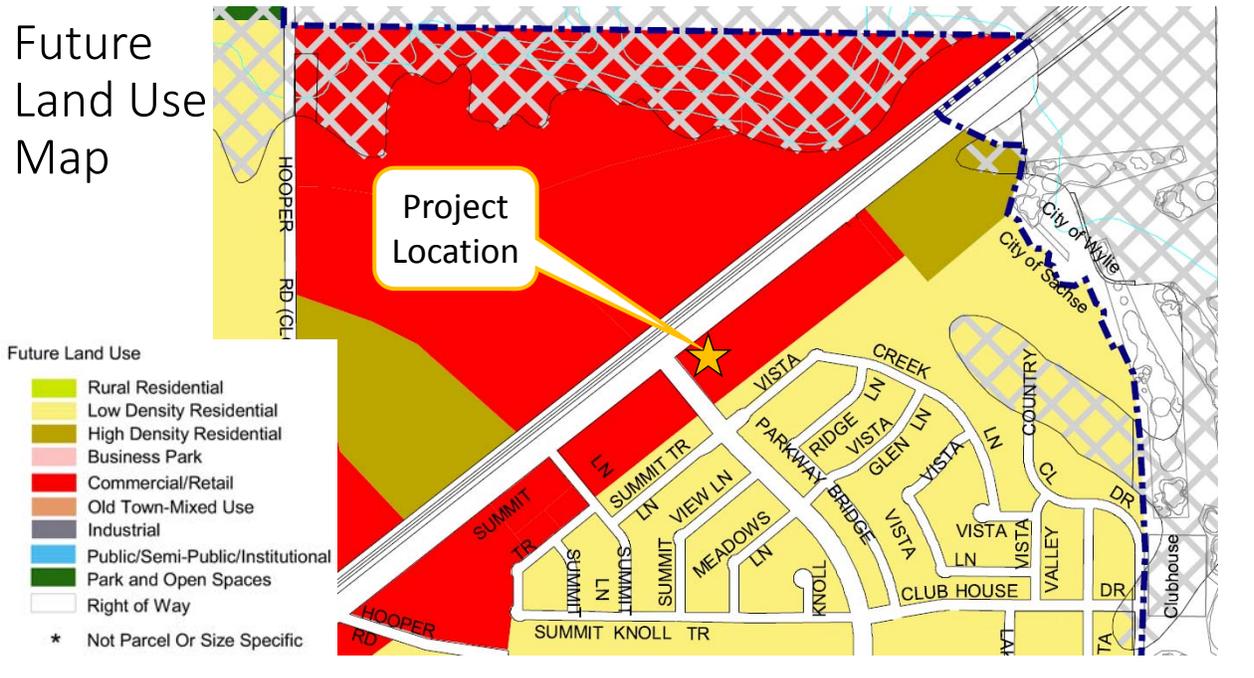

Applicant Information

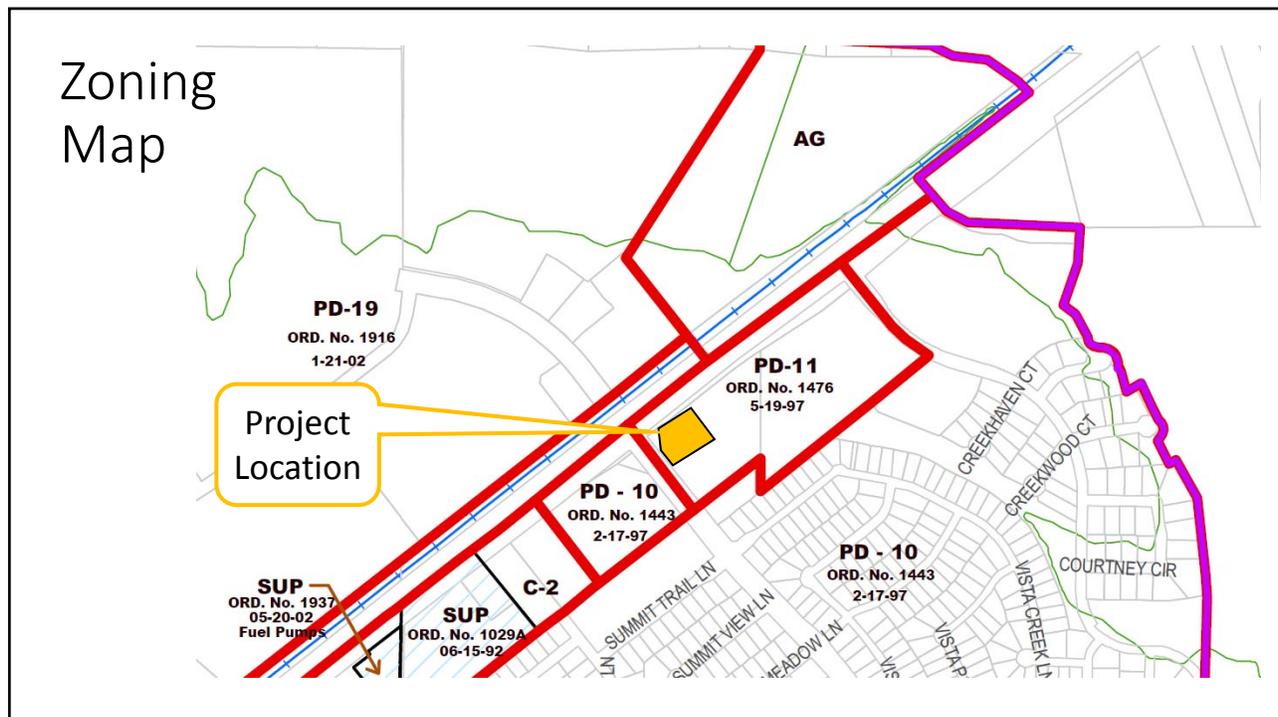

- The Applicant is The Dimension Group, who is representing 7-Eleven, Incorporated.
- The Dimension Group is responsible for the engineering, planning, and architecture related to the proposed project.

Location Map

Future Land Use Map

Current Zoning

- The property is currently zoned Planned Development (PD-11) per City Ordinance 1467, adopted by the City Council on May 15, 1997.
- PD-11 provides for a variety of land uses, including commercial retail.
- PD-11 does not specify retail sales with gas pumps as an allowed use, therefore, a Special Use Permit is required for the gas pumps.

Project Information

- Proposed 3,010 square foot, single story building
- Proposed 6 fuel pumps (12 filling spaces)
- Proposed landscaping in accordance with the requirements in PD-11
- The back of the proposed building is located approximately 300 feet from the rear property line (fence line) of the homes located on Vista Creek Lane
- The existing landscaping and pond entrance amenities located at the corner of Woodbridge Parkway and State Highway 78 are on a separate tract of land, which is owned by the Woodbridge HOA, and will not be altered by the proposed project.

- The Applicant made revisions to their plans to address resident concerns, and held a follow-up meeting with residents from the neighboring community on Thursday, September 10th.
- The Applicant has received approval from TxDOT for a hooded left turn lane on westbound State Highway 78, and a deceleration lane/drive entrance on eastbound State Highway 78. This will provide vehicular access to the project for traffic on State Highway 78 without requiring turning movements onto Woodbridge Parkway.

Property Owner Responses

- Notices were mailed to all property owners for the properties located within 1,000 feet of the proposed project.
- 146 notices were mailed on August 13th and September 2nd
- As of September 23rd, Staff received 54 responses, including:
 - 7 in favor
 - 47 opposed

Staff Findings

- The proposed project is the first development on a larger tract of land identified for commercial development in the City.
- The proposed use of retail sales is consistent with the Future Land Use Plan and the current property zoning (PD-11), however, a special use permit is required for the gas pumps.
- The proposed access improvements on State Highway 78, including a left turn lane and a deceleration lane/drive entrance, will provide access to the site from both travel directions on State Highway 78. These improvements will lessen the traffic impact of the project on Woodbridge Parkway.

Planning & Zoning Commission

- The Planning & Zoning Commission recommended approval of the SUP by a vote of 6-0 at the September 15th meeting.
- The Commission did have several questions regarding Federal, State, and Local requirements for underground fuel storage, which staff has researched.

Staff Research

- The EPA allows individual states to run their own Underground Storage Tank regulations, as long as the state requirements are at least as stringent as the federal requirements.
- In Texas, underground storage tanks (UST's) are permitted and regulated by the TCEQ.
- Chapter 30, Section 334 of the Texas Administrative Code has many specific requirements related to the permitting, design, construction, and maintenance of UST's.
- The TCEQ has specific processes for registration and noticing, including:
 - Each UST must be registered with the TCEQ — even if it is empty or unused.
 - The owner must renew the delivery certificate for the facility on an annual basis.
 - Each UST tank fill pipe must be clearly labeled according to the uniform system described in the rules [Subparagraph 334.8(c)(5)(C)].
 - All facility fees billed to date to the current owner must be paid in full.
 - At least 30 days before beginning construction work on a UST facility, owner must notify the TCEQ.
 - Within 30 days of any changes in ownership at a UST facility, owner must inform the TCEQ that the change has occurred.
 - Any other changes need to be submitted within 30 days by using the Underground Storage Tank Registration and Self-Certification form (TCEQ-0724).
- In the City of Sachse, the City Fire Marshall also completes a visual inspection of the UST during construction.

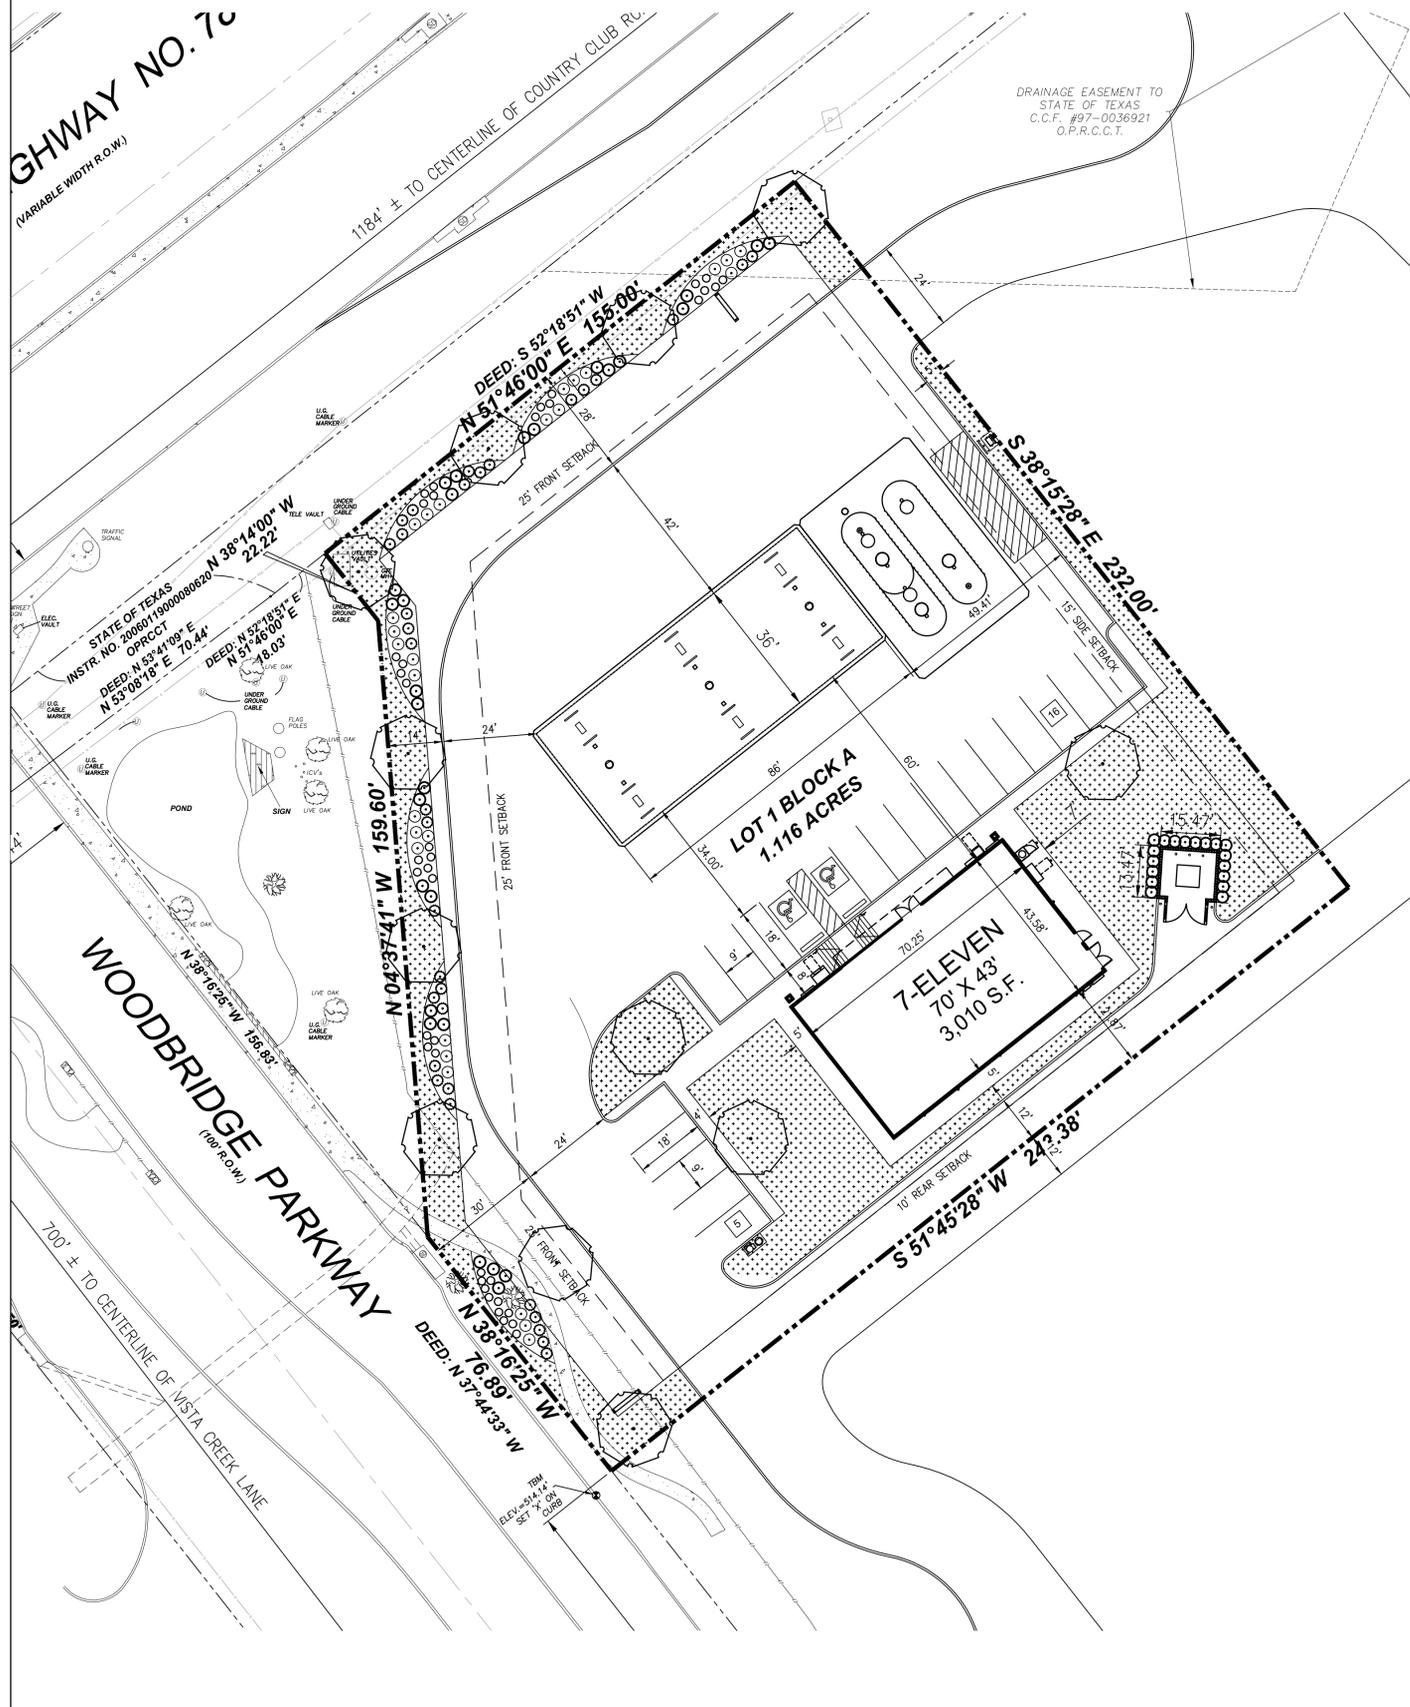

Staff Recommendation

- Staff recommends approval of a request for a Special Use Permit for retail sales with gas pumps on a 1.116 acre tract of land located at the southeast corner of Woodbridge Parkway and State Highway 78.

I am opposed to the approval of rezoning for a 7-11 directly behind my house. My house will be separated by an empty lot and a line of trees. Most likely this line of trees will be removed and I will be looking at the back of a convenience store. Also I believe this store will create noise, odors, bright lights and pollution.

There is already a Wal-Mart and Murphy gas station across Highway 78 and a medical facility and fitness center going in within the Woodbridge development. Another convenience store is not needed at the entrance of Woodbridge. Woodbridge is a lovely residential community and a 7-11 is not needed at the entrance causing a poor impression of Woodbridge and the City of Sachse.

I sincerely request this requested be disallowed.

If there is wood siding around it, it counts as wood siding. Regarding gables, if in front of an attic space, it is exempt from masonry requirement. If in front of a living space, it is considered into the calculation of masonry.

3.06 **General Requirements:** General requirements for multi-family development shall be as follows:

Title

Discuss and consider Friends of Sachse Parks and Recreation request for Sachse area dog park sites that were denied by the Parks and Recreation Board on October 8, 2015, as well as denied by the Parks and Recreation Director. These sites include approximately two acres of 3.18 acres of open space on the Sachse Road side of the Animal Shelter and 1.5 acres of 7.43 acres of dedicated park land at Ingram Rd. to Industrial.

Background

The Director of Parks and Recreation and Sachse Parks and Recreation Board have both determined that this project is not consistent with the Parks and Recreation Master Plan. The dog park ranked as the sixth highest priority in the most recent citywide citizen Parks and Recreation survey. Sachse residents cited several other items of interest above a dog park including: trails, recreation center, playgrounds, pavilions/picnic areas, and aquatic facilities.

Policy Considerations

Provide policy direction on allowing the construction of a dog park on city property by the Friends of Sachse Parks and Recreation, which will be maintained by the City of Sachse.

Budgetary Considerations

Contingent upon City Council approval; Friends of Sachse Parks and Recreation are requesting that the City of Sachse fund \$15,000-\$18,000 annually for park maintenance in addition to \$50,000 for construction of a parking lot and extension of water utilities to the site.

Staff Recommendations

On September 13, 2015, the Sachse Parks and Recreation Director, Lance Whitworth, denied the Friends of Sachse Parks and Recreation request for a dog park, citing inconsistency with the priorities identified in the Parks and Recreation Open Space Master Plan. At the Parks and Recreation Board meeting on October 8, 2015, the Sachse Parks and Recreation Board voted 3-1 to deny the Friends of Sachse Parks and Recreation's request for a dog park.

- **MOU: Section 4.1:** The Director of Parks and Recreation shall determine whether any individual project or program is consistent with the Master Plan and shall provide said determination in writing to the Friends within ten (10) business days after receiving said request.

Director of Parks and Recreation Determination: This project is not consistent with the Parks and Recreation Master Plan. The dog park came in at #6 in the most recent citizen survey. The City of Sachse is deficient in all areas in front of the dog park including: trails, recreation center, playgrounds, pavilions/picnic areas, and aquatic facilities.

Sachse Park Pal Project Approval: Step 2

- **MOU: Section 4.4.2.2:** The Friends may appeal the Director of Parks and Recreation's finding that the request is not consistent with the Master Plan to the Parks Board at the next regularly scheduled Parks Board meeting subject to legal agenda posting requirements by submitting a request to appeal to the Director.

- **MOU: Section 4.4.2.3:** The Friends may appeal the Parks Board's finding that the request is not consistent with the Master Plan to the City Council at the next regularly scheduled City Council meeting subject to legal agenda posting requirements by submitting a request to appeal to the Director.
- **Key Question:** Will the Sachse Citizens who joined the Sachse Park Pals Organization be allowed to pursue a Dog Park in Sachse working with the City of Sachse?

Sachse Park Pals Purpose

*Sachse Park Pals is an all volunteer 501 (c) (3) designated park advocacy organization dedicating to preserving, protecting, and improving Sachse's parks for all citizens. Sachse Park Pals was created to increase **private** and **public** commitment to Sachse's park system. Sachse parks are extraordinary public assets that offer a unique opportunity to enhance our City and ensure that small town way of life that attracted us all to Sachse is maintained. Raising funds to maintain the parks and championing these parks can be achieved most effectively through partnerships between **city government** and the **parks' users** and **beneficiaries**. Friends collaborates with the City of Sachse's Park and Recreation Department, while maintaining its own independence.*

I believe the pros outweigh the cons. It's another way to bring people together that share a common interest. In turn, creating a tight nit group that will continue to provide the citizens of Sachse the small town feel, even during our growth, that attracted families to Sachse in the first place.

I think this is a great idea for the community to come together and socialize as well. We need this more in America :)

I would love to take my dog to a doggy park where we can mingle with other dogs and owners. I think this would also bring in people from other nearby cities that do not have a dog park, which could in turn generate more revenue for some Sachse businesses

It would be great to have as a amenity for dog lovers & owners!

Mollie Walker SACHSE, TX 29 days ago · Liked 0

My family loves dog parks and its a shame we have to drive far away to another city to take advantage of one. Having a dog park for our fur babies to go to and mingle is just one simple addition that would continue to make Sachse a charming and attractive city to many dog/pet lovers. We should take care of all our kids here, the 2-legged ones and the 4-legged ones!

We need a community that gets involved and interacts in order to foster brotherly morals. A dog park would allow our pets to get use to other adults and children while bring a neighborhood together.

Sachse 2000-5000 Dogs

- Dogs are a great ice-breaker.
- A dog park promotes friendships and a feeling of belonging to a community.
- Three-quarters of dog owners consider their dog like a child or family member.

Reason Dog Park is Consistent with Master Plan

- Dog Park was #6, therefore it is part of the Master Plan but just 6th funding priority. (Sachse Park Pal Dog Park Committee willing to pursue fundraising for Park)
- Goal to provide a variety of recreational opportunities for all age groups and for persons with differing abilities and interest. Canine Owning taxpayers are simply citizens with differing interest.
- Goal: Develop a Park System that is responsive to the needs and desires of Sachse Citizens. City Park Survey participants was a little over 400+. If the survey was taken today, the Dog Park Support would amount to about 28% (Assuming 153+400 total)
- Masterplan is guide for the city. It was developed in 2008 and approved in 2010. Review of masterplan is recommended annually to ensure it says up to date with the citizens needs & desires. Clearly there is a desire in Sachse for a Dog Park.

Your Decision

- Conditional Approval of a Primary and/or Secondary Site
 1. We expect neighborhood meetings would be required before a final approval can be obtained, but to start this process Council Approval is required.
 2. We are open to creating a 6 month temporary dog park at one of the sites to enable city leaders to gain a better understanding of the impact of a dog park in Sachse.
 3. Any other conditions as identified by Council

Friends of Sachse Parks and Recreation

Recipient: Councilman Paul Watkins, Councilman Cullen King, Councilman Brett Franks, Councilman Charlie Ross, and Councilman Jeff Bickerstaff

Letter: Greetings,

We are asking for your support of our mission as outlined below

To establish a fenced-in, off leash area where Sachse area taxpayers can let their adopted well-behaved kids (canines) exercise and play with other adopted kids (canines) in a clean, safe environment without endangering or annoying people, property or wildlife.

To develop a beautiful, well-maintained space open to all Sachse area taxpaying canine lovers and friends who are willing to uphold the park's rules and restrictions.

To view this park as a community project, in partnership with the City of Sachse, designed to satisfy the needs of Sachse area dog-owners and non-dog owners alike.

Please lend your support for the designation of unused open-space in Sachse area to be used as an local dog park to address the needs of your taxpaying canine owners.

deKort DEKORT	Sachse, TX	2015-09-02	Sachse needs a dog park!!!!
Heather Streetman	Arlington, TX	2015-09-02	My dog would love not having to drive to Dallas to go to a Dog Park!!!
Susan Stooksberry	Sachse, TX	2015-09-02	We need a dog park closer to our Sachse Community so that they can run and play to get the exercise that they need, just like people.
don lancaster	Sachse, TX	2015-09-02	This would be great for Sachse as there is very little park space!!!!
Kelly Braucht	Sachse, TX	2015-09-03	I would love to take my dog to the park.
Martha Caster	Sachse, TX	2015-09-03	We need a dog park in Sachse.
Daisy Jung	Sachse, TX	2015-09-03	I would like to have my dogs run free without those a lease around their necks. They are well behaved, and the need for running is good for them.
JAIME RODRIGUEZ	Rowlett, TX	2015-09-03	We need a community that gets involved and interacts in order to foster brotherly morals. A dog park would allow our pets to get use to other adults and children while bring a neighborhood together.
Tricia Harrison	Sachse, TX	2015-09-03	The closest dog park is 20mins. away so it would be great to have one in my home town!
Jacque Sessions	Wylie, TX	2015-09-03	We need a dog park close to our homes.
Lorna Boyd	Sachse, TX	2015-09-03	Our community needs a dog park!
Maureen Evans	Garland, TX	2015-09-04	I'm signing!!
judith lensch	Sachse, TX	2015-09-04	Necessary for dogs to run & neighbors to meet
Elizabeth Castro	Garland, TX	2015-09-04	I'm signing because the dog parks in the area are so far (Plano, Dallas, Allen, etc), and adding a dog park into our residential area will make our area more contemporary, marketable and would give dog owners a place to "home" to visit which is in the neighborhood.
Nathan Snyder	Garland, TX	2015-09-04	I'm signing!!
Kayla Motley	Sachse, TX	2015-09-05	I'm signing because we have three friendly dogs that love to go on walks, but hate car rides, so a dog park around here would be great. There are so many dogs around here and the "closest" dog park is actually a far drive and my dogs tend to get car sick, if there was one in Sachse we could probably just walk to it, and it would familiarize the dogs around here with eachother causing less worry for accidents .

Name	Location	Date	Comment
Kathy Marcellus	garland, TX	2015-09-05	As a foster Mom for homeless dogs I know the need for a place for these babies to run safely!
Deborah Gandia	Golden, CO	2015-09-06	Moved to Sachse from CO and need some outdoor space for our dog.
Vicky Scott	Sachse, TX	2015-09-10	I live in Sachse and have a German Shepherd female dog who would love to have a doggy park for outdoor play. She is not aggressive and gets along well with other dogs (who aren't aggressive). My mom has 2 small dogs who also need a place to run and play.
Darrell Lensch	Sachse, TX	2015-09-10	We are lagging behind other cities surrounding us.
Mollie Walker	Sachse, TX	2015-09-14	My family loves dog parks and its a shame we have to drive far away to another city to take advantage of one. Having a dog park for our fur babies to go to and mingle is just one simple addition that would continue to make Sachse a charming and attractive city to many dog/pet lovers. We should take care of all our kids here, the 2-legged ones and the 4-legged ones!
Laurie Steenis	Sachse, TX	2015-09-25	It would be great to have as a amenity for dog lovers & owners!
Alisha Downs	Sachse, TX	2015-09-28	I would love to take my dog to a doggy park where we can mingle with other dogs and owners. I think this would also bring in people from other nearby cities that do not have a dog park, which could in turn generate more revenue for some Sachse businesses
Dawn Trevino	Garland, TX	2015-10-09	I'm buying in Sachse as we speak and this would be a great bonus!
Sheila Bowshier	Sachse, TX	2015-10-12	I'm signing because a dog park would a good investment for the health and welfare dog and their humans.
Daniel Tran	Sachse, TX	2015-10-12	I think this is a great idea for the community to come together and socialize as well. We need this more in America :)
Jason sheely	Sachse, TX	2015-10-12	I believe the pros outweigh the cons. It's another way to bring people together that share a common interest. In turn, creating a tight nit group that will continue to provide the citizens of Sachse the small town feel, even during our growth, that attracted families to Sachse in the first place.
Robin Palmer	Duncanville, TX	2015-10-12	I pay a lot of property tax on time and Sachse doesn't have standard amenities for its community. This needs to change.
Ashley Sheely	Sachse, TX	2015-10-12	I want a place I can take my dog
Paula Mathews	Garland, TX	2015-10-13	I think a dog park would be a great asset to Sachse. I have three who are willing to visit.
