

Steps To Help Confirm My Water Use

A

- Look for GAL . GAL shown above indicates measurement in Gallons.
- Note the Decimal. I am billed for water use from the first 5 numbers. The two digits in front of the decimal and all numbers after the decimal are omitted from the read.

B

Match the EID Number. This number will match the number printed on your bill. (If you share a box with your neighbor, be sure you read the matching EID number) If unable to confirm these numbers, contact Utility Billing customer service (469)429-4763.
